

MEMORANDUM

TO: Mayor & Council Members
FROM: Debbie Renner, City Clerk
DATE: July 14, 2009
SUBJECT: Sustainable Water Plan Committee

PURPOSE

To appoint representatives to a committee being formed to study the development of a “sustainable water plan.”

BACKGROUND

Consistent with your direction at the June 23rd Council Meeting, this item was placed on the agenda so that each Council Member could name their appointment to a committee being formed to study the development of a “sustainable water plan.” It was your consensus at that meeting that each Council Member bring the name of their appointment for presentation at tonight’s meeting.
