### **Orange City Set to Scare with Hitchcock Series**

**ORANGE CITY, Fla.**— Orange City is set to scare this October with an Alfred Hitchcock movie series. The City is showing three of Hitchcock's most thrilling movies this Halloween season.

"Alfred Hitchcock is the master of suspense," City Manager Jamie Croteau says. "I'm sure we have lots of people in the community who enjoy his films, and others that would love to experience his cult classics for the first time."

*Dial M for Murder* will be shown on October 14, *Psycho* on October 21 and *The Birds* on October 29. The series is free to the public and will take place at Dickinson Park (corner of 17-92 & E Graves Ave).
